1 Explanation of how membership fees are calculated.

For 2024 and 2025, and in order to be transparent and consistent regarding the amounts invoiced to each country, the APC has decided to calculate the NPC Membership fees according to the following criteria.

This matrix reflects the growth of the Asian Paralympic movement and considers the number of participants at regional and international Games, and the level of development of the country – following the UN Human Development Index (HDI).

2 Each NPC has been attributed a certain number of points, as follows.
